ZONING APPLICATION SUPPLEMENT

Applicant and Property

Saint Stanislaus Roman Catholic Church ("Church") is the owner of the property located at 51 Lansdale Avenue ("Property")¹ in the Township's Residential A District ("Residential A District").²

The Property is improved with a church and administration offices that were constructed in 1964 and renovated in 2019.

In 2012, the Church received zoning relief to allow a 50.49 square-foot sign on the Property approximately 1½ feet off the ground, where a minimum of 8 feet off the ground was required under the Ordinance ("Existing Sign").³

In initially approving the Church's Existing Sign, the Zoning Board found that it was at a location that would not create any public health, safety, or welfare issues nor block any sight lines, and would satisfy the Church's sign needs.

The Church's sign needs, however, have changed.

Church's Proposed Sign

The Church proposes to replace the 50.49 square-foot Existing Sign and install a smaller double-sided, freestanding sign, with a sign area of 35.89 square feet, 14.89 square feet of which will be a changeable electronic variable message ("CEVM") board ("Proposed Sign").⁴ The Proposed Sign will be in the same location as the Church's Existing Sign and will be consistent with the architectural characteristics of the Church and surrounding area. Once installed, attractive low-growing plant material will be planted at the base of the sign.

To stay viable, the Church is always seeking to be readily-identifiable and able to communicate with both its English and Spanish-speaking congregations at all times. The Proposed Sign is a significant step in meeting this goal. It properly identifies the Church, its mass schedule, and upcoming events.

¹ The Property is further identified as Tax Parcel No. 11-00-10140-00-1.

² See Exhibit A [Aerial, Deed and County Property Records].

³ See Exhibit B [Zoning Board's 2014 Decision and Order] (approving the Church's Existing Sign).

⁴ See Exhibit C [Sign Rendering].

The Church has discussed the Church's Proposed Sign with nearby neighbors and there is no known opposition to the Proposal.⁵

Requested Variance Relief

In order to facilitate the Proposed Sign, the Church requests the following two points of variance relief from the Lansdale Borough Zoning Ordinance, as amended ("Ordinance"):

1. A variance from Article XVI, Section 405-1607(G) relating to maximum signage for institutional uses within the Borough, including churches; and
2. A variance from Article XVI, Section 405-1612 only allowing CEVMS signs in the Borough's Industrial District.

If granted, the requested variance relief will allow the smaller Proposed Sign with 14.89 square feet of CEVM on the Property within the Residential A District, where under the Ordinance such a sign is only permitted in the Borough's Industrial District.

In requesting this relief, the Church respectfully submits that similar to Lansdale Catholic High School's 2012 sign upgrade,⁶ the needed relief of the Proposed Sign (which is also a sign upgrade taking the 50.49 square-foot Existing Sign and merely switching it out with the smaller Proposed Sign with a 14.89 square-foot CEVM board) is *de minimus*; not adverse to the public welfare; and represents the minimum relief needed to permit the sign.

In furtherance of the Proposed Sign and the needed variance relief, the Church, similar to other religious institutions in the Borough with similar signs, is amenable to the following conditions imposed upon a grant of its requested relief:

1. The Proposed Sign will have no animation, blinking, or scrolling;
2. The Proposed Sign will be placed at the same location and no larger than the Existing Sign;
3. CEVM Messages shall be changed no more than one time per day on average, though the daily message may alternatively be depicted throughout the day in English and Spanish;

⁵ See Exhibit D [Neighbor Support Petition].

⁶ See Exhibit E [Zoning Board's 2012 Decision and Order] (approving Lansdale Catholic Proposed Sign with CEVM component under a *de minimus* variance theory).

4. The Proposed Sign's CEVM Message Board shall be available for emergency messaging; and
5. The use and improvement of the Property shall be in substantial compliance with the Church testimony and exhibits presented at the hearing.

BEFORE THE ZONING HEARING BOARD
OF LANSDALE BOROUGH

IN RE:
THE APPLICATION OF ST. STANISLAUS ROMAN CATHOLIC CHURCH
HEARING DATE: September 16, 2014

DECISION AND ORDER

FINDINGS OF FACT

1. The Applicant is St. Stanislaus Roman Catholic Church, 500 E. Main Street, PA 19446 (hereinafter "Applicant").
2. The Applicant is the owner of Real Property located at 500 E. Main Street, Lansdale Borough, Montgomery County, PA, TMP#11-00-10140-00-1, Block 29, Unit 16 (hereinafter "Subject Property").
3. The Subject Property is located in the Residential A Zoning District of Lansdale Borough, and the Applicant requests zoning relief from Section 122-1904(B), to allow a free standing sign of 50.49 square feet, where only 24 square feet is allowed, or alternatively, to allow a 50.49 square foot size to be 1 ½' off the ground, where 8' is required.
4. The Applicant was represented by Robert Iannozzi, Jr., Esquire, who presented the following evidence and testimony on behalf of the Applicant:
 - a) Testimony of Monsignor Tracy, Pastor of St. Stanislaus Church, who testified about the need for the sign, and that they do not want to place a sign on an 8' stand as it would look very unsightly at that particular property location, and the community would be much better served by having the sign closer the ground;
 - b) Additional testimony and evidence was submitted showing what the sign would look like at the proposed level, as opposed to standing 8' off the ground;
 - c) Testimony from John R. Wichner, P.E., PTOE, who testified that the sign would have no negative impact on the community,

will comply with all setbacks, is the type of dimensional zoning relief that would have no negative public impact, but would rather look better 1 ½' off the ground, rather than the allowed 8' tall sign. Mr. Wichner also testified that the sign would comply with all other zoning regulation and would be much smaller and safer than what is permitted at the site.

5. Many residents appeared at the Hearing to talk in favor of the Zoning relief, and the Board notes that there was no one in the audience who had any objection to the dimensional relief being requested.

DISCUSSION

The Applicant has presented sufficient testimony and documentation to show that they are entitled to the dimensional variance relief they are requesting. The Board notes that it would be much more aesthetically pleasing to have the sign 1 ½' off the ground, as opposed to being 8' off the ground. Additionally, the sign would be at a location that it would not create any public health, safety or welfare issues, would not block any sight lines, and would satisfy the Applicant's sign needs.

CONCLUSION OF LAW

The Applicant's request for zoning relief is hereby granted to allow a 50.49 square foot sign, to be placed approximately 1 ½' off the ground, where 8' would be required. The Application was granted subject to the following conditions:

1. That the sign be constructed and installed as per the plans and testimony presented;
2. That the sign installation must comply with all other Lansdale Zoning and Building Codes, as well as other State and Federal Regulations and Building Codes; and
3. That the site plan must be submitted and approved by the Borough Zoning Officer prior to the issuing of a sign permit. The Site plan that shall be submitted shall include all right-of-way lines and setbacks.

ORDER

AND NOW, this 21st day of October, 2014, the Application of ST. STANISLAUS ROMON CATHOLIC CHURCH is hereby GRANTED, with the above conditions.

OF LANSDALE BOROUGH

IN RE:
THE APPLICATION OF LANSDALE CATHOLIC HIGH SCHOOL/
THE ARCHDIOCESES OF PHILADELPHIA
HEARING DATE: October 16, 2012

DECISION AND ORDER

FINDINGS OF FACT

1. The Applicant is Lansdale Catholic High School/The Archdioceses of Philadelphia, 700 Lansdale Avenue, Lansdale, PA 19446 (hereinafter "Applicant").

2. The Applicant is the owner of real property located at 700 Lansdale Avenue, Lansdale Borough, Montgomery County, PA (hereinafter "Subject Property").

3. The Subject Property is located in the Class A Residential Zoning District of Lansdale Borough, and the Applicant has requested zoning relief from Section 122-1912(C), to allow the Applicant to replace it's existing free standing sign with a new sign of the same size, but containing a LED message board.

4. The Applicant also requested zoning relief in the form of an interpretation that the sign they were requesting is not prohibited under Section 122-1912(C), but said zoning relief was moot, and withdrawn by the Applicant after the Board granted said zoning relief.

5. The Applicant was most ably represented by attorney's Frank Bartle and Robert Iannozzi, who presented the case for the Applicant.

6. Mr. Bartle and Mr. Iannozzi presented the following testimony and exhibits:

a) Testimony of James Casey, President of Lansdale Catholic High School;

b) Testimony of John Wichner, P.A., who was qualified to testify in the area of traffic engineer, and testified that there would be no public safety issues, and that the sign being replaced was just a replacement with different materials and would cause no issues with regard to traffic or any other public health, safety or welfare concerns; and

c) A detailed exhibit packet containing 8 exhibits, including an authorization letter from the Archdioceses of Philadelphia, photographs of the existing sign, renderings of the proposed sign, meeting minutes of the planning commission approving and recommending the proposed relief, a motion from the Lansdale Borough Council supporting the Applicant's zoning relief and recommending to the Zoning Hearing Board that they approve said zoning relief, as well as other exhibits.

7. The Board notes that Councilmen DiGregorio and Hansen from Lansdale Borough both attended the Hearing to speak in favor of the Applicant and read statements into the record. Some residents attended the Hearing and spoke in favor of the Applicant's zoning relief, as well as one who had questions with regard to the light level and how it would be controlled.

8. The Applicant was able to review all of the five points of 910.2 with regard to granting of variances and was able to address each issue as to why the zoning relief should be granted. The Applicant was also able to show that the relief being requested was de minimus at best.

9. The Applicant, through it's multiple witnesses and exhibits was able to show that the sign would be the same size, would not have any blinking or scrolling, would be changed on average one time per day, and would be used by the Community for emergency messaging.

DISCUSSION

The Applicant presented a plethora of documentation, testimony and exhibits showing that the relief would be de minimus at best, as the sign would be a stationary sign, and would rarely have the messaging changed, would not have any blinking or scrolling issues, and would be a benefit to public health, safety and welfare in the community.

The Board notes that not only the Planning Commission, but the Borough Council itself went out of its way to endorse the proposed relief. Additionally, the Board notes that the sign is located a distance back from the corner of the intersection and would present no visual or other safety issues.

CONCLUSION OF LAW

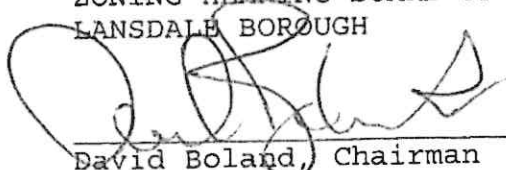

The Applicant has shown that they are entitled to the zoning relief to allow them to install a LED message board at the existing site of the current free-standing sign. The Board approved the zoning relief as a de minimus variance with the following conditions:

1. That there be no animation, blinking or scrolling associated with the LED sign;
2. That the new sign be placed at the same location as the existing sign, and be of the same size;
3. That the message displayed shall be changed no more than one time per day on average; and
4. That the message board shall be available for emergency messaging.
